**[PROPOSED] ORDER ON MOTION**

The Court, having considered the City of Seaside’s Motion for Approval of In Lieu Groundwater Storage Program, in connection with all other papers submitted in this matter, and all argument or evidence presented, finds as follows:

The Program is consistent with the terms of the Decision and with California law and policy. Implementation of the in lieu groundwater storage program proposed by the City does not require the conversion of the City’s alternative production allocation to standard production allocation, and is preferable to all available alternatives. The Program is financially and environmentally prudent, and promotes the highest beneficial use of the water resources available to the Monterey Peninsula.

Good cause having been shown, the Motion is **GRANTED**.

**IT IS SO ORDERED.**
